

Tim Wagner joins Mistral Baits

Tim explains *“I was introduced to Allan Parbery at Mistral Baits through a third party and immediately I could see how knowledgeable and passionate he was about bait. Mistral Baits have been trading successfully for 21 years now and have been responsible for many classic boilies along the way”*

I was most impressed with the Mistral ethos of not paying sponsored anglers with money - this way anglers are under no pressure to tell fibs about what bait they are using. Personally, it's important that I have been given the chance to develop baits with Allan - and the first of these *'i 40'* is being developed and put through its paces already.

I would like to take the opportunity to thank Pete Chandler and his team at Dynamite Baits for supporting me for the past 5 years. However, I am really excited about this new venture and looking forward to helping Allan and his team at Mistral with the development and promotion of the Mistral brand.
